## How to purchase KellyDown online using a credit card

**Problem**: PayPal recently modified their design interface that enables purchases to be made online. However, the new design makes it less obvious how to make a purchase if you don't have a PayPal account.

**Solution**: Please follow these instructions if you wish to purchase a license or maintenance and support for KellyDown online with a credit card if you don't have a PayPal account.

1. Open the KellyDown website and click on the *Pricing* tab and click on the **Buy Now** button at the bottom of the page or type *kellydown.ca/pay-now* into your internet browser.

- 2. Type *kellydown.ca/pay-now* into your internet browser.
- 3. Click on the item you wish to purchase.

- 4. Add more items to the shopping bag by clicking on the **Add More** button. The total number of items in the shopping bag is shown above (if you add too many items, you may delete items on the next screen).
  - a. After you have added the items you wish to purchase, click on the **Go to Checkout** button.
